

HOW TO ACCESS YOUR DIGITAL MATERIALS

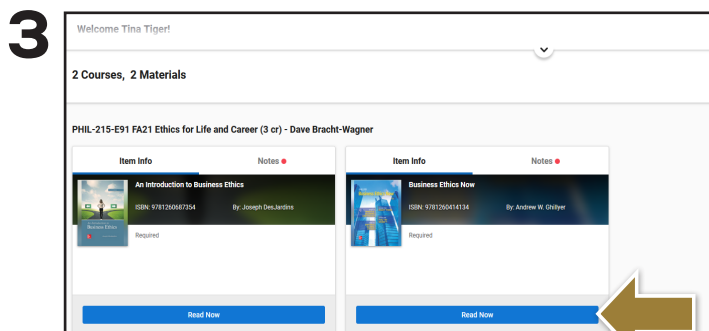

IN CANVAS - USING VITALSOURCE LAUNCH

Log in to Canvas by visiting **class.iw.edu**.

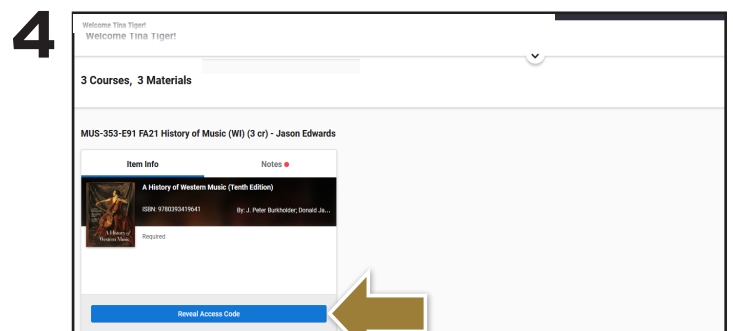

Select the **Courses** tab and select the course name you wish to access. Select **Modules**, then **VitalSource** (may also be called Course Materials).

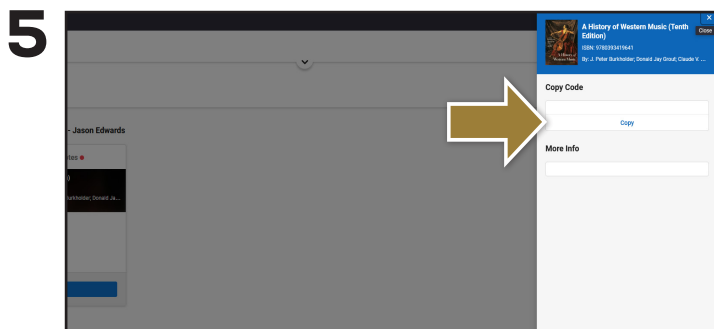

You should then see your Course Materials listed. For textbooks, select **Read Now** and follow the prompts.

*NOTE: If you opted out of the program, you will have access for 14 days. After that, the button will read **Buy Now**.

Some of your materials may be courseware items. To access these products, select **Reveal Access Code**.

Then select **Copy** on the right-hand side of the screen. This code is unique to you and is attached to the corresponding course.

If you do not see your Course Materials, please try accessing the materials through your Digital Bookshelf.
